ELWAY INDUSTRIES, INC.

Providers of:

Flexible Intermediate Bulk Containers and other supplies to the new and used industrial Bulk Bag markets.

Reconditioning and recycling of Flexible Intermediate Bulk Containers (FIBCs).

Collection, inspection, repair, tracking, warehousing and delivery for:

- Closed loop multi-trip bags.
- Diversion of single trip bags into secondary bulk bag markets.
- Recycling back into polypropylene pellets.

Toll Free-1-877-793-2800
Direct - 713-690-9900
Mexico - 011-52-427-129-0484

RECEIVING:

We can receive and bale bags in Houston to send to Mexico.

EVERY PROJECT IS IDENTIFIED BY:

- Customer
- Type of Bag
- Product Type

TRACKING & INSPECTION:

We maintain records regarding how many bags were processed, what types of repairs were made, how many trips, and how many were taken out of service.

COMMON REPAIRS:

- Document Pouches
- Rope lock Replacement
- Top & Bottom Ties
- Patching Holes on Bags
- Components Replacement such as; Tops, Bottoms & Spouts, and PE Liners.

FINAL INSPECTION:

After their initial inspection, the vacuumed, cleaned and repaired bags are inspected once again at the final inspection station where bags are folded and sent to the packaging area.

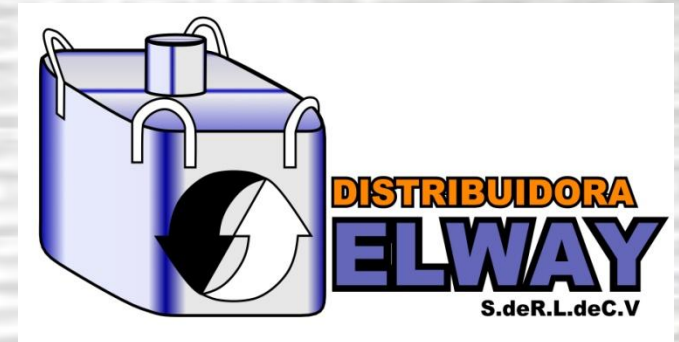

FIBC RECONDITIONING:

In order to accept reconditioning orders we require the following:

- Product MSDS sheet
- FIBC sample for evaluation
- FIBC specification sheet
- Purchase Order

ABOUT US:

Elway began selling new bulk bags in 1997. We initiated minor reconditioning operations in Houston in 2005 and opened Distribuidora Elway in San Juan Del Rio, Mexico in 2006.
